TITLE

(X6) DATE

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (see instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.

	<p>January 2013 orders, indicated, "DNR" [do not resuscitate].</p> <p>A face sheet in the electronic medical record indicated Resident B was a full code.</p> <p>On 1/24/13 at 10:30 A.M., during interview with LPN # 1 and LPN # 2, each nurse indicated if a resident was in distress, they would check the resident's paper clinical record and/or the MAR [medication administration record] to determine if a resident was a DNR. LPN # 1 checked Resident B's MAR at that time. A code status was not included on the MAR. LPN # 1 and LPN # 2 then indicated the resident had been at the hospital recently, and perhaps the code status was on the hospital transfer paper. The hospital transfer paper, dated 1/5/13, indicated "Code Status" and the form was left blank. At that same time, the downstairs Unit Manager indicated she would investigate the situation.</p> <p>On 1/24/13 at 10:50 A.M., the Medical Records manager provided unsigned physician's orders, dated "1/5/2013 through 1/31/2013." The orders included, "Code Status: Full Code." The Medical Records manager indicated she had the orders in her office waiting for the physician to sign them. The Medical</p>		<p>advanced directives will be documented. Residents and Families will be counseled on advanced directives upon admission, at every care conference and as SSD/DNS/designee find appropriate and any changes will be reported to SSD/designee for follow up review of appropriate documentation regarding change of code status. What measures will be put into place or what systemic changes you will make to ensure that the deficient practice does not recur? Residents and Families will be counseled on advanced directives upon admission, at every care conference and as SSD/DNS/designee find appropriate and any changes will be reported to SSD/designee for follow up review of appropriate documentation regarding change of code status. SDC/DNS/SSD/designee provided education to nurses regarding advanced directives and notification of change to SSD for follow up. IDT will review resident code status at re-admission and significant change to ensure all documentation is consistent with resident desired code status. How the corrective action(s) will be monitored to ensure the deficient practice will not recur? DNS/SSD/designee will utilize Advanced Directive/Code Status CQI tool</p>

He tends to snack on candy and dessert off and on throughout the day when he is hungry rather than eat what is offered by dietary...SLP [speech language pathologist] approached the 1st shift nurse concerning an appetite enhancing drug. After discussion, therapist investigated possible wt. [weight] loss. According to the past 2 1/2 to 3 months of his residency in current nursing facility, he has gained 6 lbs not lost...."</p> <p>12/4/12: "Continue to brain storm with 1st shift nurse concerning swallow, nutrition and motivation to improve his current appetite...It is difficult to treat his swallow when he barely eats his meals...Pt has not lost wt in past couple of months, so an appetite enhancing drug would not be appropriate...."</p>		<p>regarding nutrition concerns of residents to enhance optimal functional ability. Speech Therapy staff will also attend NAR meeting on a regular basis. How the corrective action(s) will be monitored to ensure the deficient practice will not recur? DNS/RD/designee will monitor weights per policy and implement needed changes as resident condition dictates. DNS/RD/IDT/designee will meet weekly for NAR and provide findings to CQI committee monthly. All scheduled weights will be monitored by RD/DNS/IDT during weekly Nar meeting and re-weights will be performed as indicated. RD recommendations will be given when appropriate and DNS/RD/designee will use CQI tool to monitor interventions and programs utilizing CQI tool weekly x 4 and monthly for at least 6 months and report findings to CQI committee monthly. Compliance date: February 7 2013</p>

	<p>lbs, and on 12/11/12 was 142 lbs. The Administrator indicated there was no January weight, because the resident had been discharged on January 7, and the weights weren't due to be completed until the 11th of the month.</p> <p>On 1/24/13 at 9:15 A.M., admission hospital records were reviewed. The resident's weight was documented as 120 lbs on 1/7/13 at 5:29 P.M. The resident had lost 22 lbs since 12/11/12.</p> <p>On 1/24/13 at 12:00 P.M., the Administrator provided a written weight record for January, undated. The Administrator indicated the record was from the restorative aide. The record indicated Resident C's weight was 136 lbs. The Administrator indicated she did not know the date of the weight, but that it was not recorded due to the resident being transferred to the hospital on 1/7/13. The Administrator indicated she could not explain the 16 lb weight difference, but that perhaps the hospital utilized a different scale. The Administrator indicated the facility was using a different system now for recording the residents' weights.</p> <p>3. On 1/23/12 at 1:20 P.M., the Administrator provided the current facility policy on "Resident Weights,"</p>
